

A Place of Sanctuary

The mission of Glastonbury Abbey is to be a Benedictine presence for the Church and to the people of the greater Boston area of New England

The Columbarium at Glastonbury Abbey (CGA) is offering our extended community the opportunity for burial after cremation. Glastonbury Abbey supports this private columbarium on the Abbey grounds. The columbarium is designed as a low stone wall set in an alcove near the current monastic cemetery. You may purchase a niche(s) for cremated remains which are to be interred in the columbarium.

The CGA will oversee the memorializing, placement and perpetual care of the cremated remains.

Each niche is a discrete chamber designed, constructed and intended for use as a permanent entombment of cremated remains.

All cremation or funeral arrangements are to be made and completed by the family prior to cremains being interred at the CGA. A staff member from the CGA office will work with the family to schedule a time for interment to open and close the niche. Access will be dependent on weather and may be closed during the winter months. The family is responsible for arranging any accompanying service and for bringing the cremains to the entombment.

Cremains will be in an urn or other suitable container that will fit in a 24" deep x 14" x 13" niche. The capstone will be engraved in a standard format. The cost of the engraving is the responsibility of the family. No other ornamentation is permitted on top of or around the columbarium.

A Niche Purchase Agreement enables two non-related persons to sign. The Purchase Agreement, Deed, and CGA Policies and Definitions are available by contacting the CGA office at (781)749-2155, Extension 271. A right-of-way clause is included in the Deed to ensure continuing access to the columbarium located next to the monastic cemetery.

The cost of each niche is \$3000. There will be an additional cost of \$500 each time the niche is opened and closed. This fee will help defray costs for perpetual care. Entombment shall be permitted in any niche only upon receipt of full payment.

The first module of 34 niches is now complete. The second module of niches will be contingent upon demand.
